IMPORTANT NOTICE

Attn: Residents and Local Businesses
(W Hazelwood Ave between Old Lake Rd & Jefferson Ave)

J. Fletcher Creamer & Son, Inc. is working for **SUEZ Water Rahway** on the water main & service replacement in your area.

How will this affect you?

For the public's and workers' safety, traffic restrictions and/or alternating traffic patterns are likely to occur during work hours. SUEZ Water Rahway Inspector, along with the contractor's personnel, will provide a minimum of 24 hours' notice prior to any parking and/or driveway use restrictions. All emergency vehicles and local traffic will be allowed access during construction. Work will be coordinated with Rahway DPW. During construction, trash/recycling pick-up will be scheduled at 6am on the respective pick up days.

We will be replacing the existing 2" water main with an 8" water main. Working hours will be 7AM to 4PM, Monday through Friday.

As with any construction project, some noise will be unavoidable. We apologize for any inconvenience and appreciate your understanding and cooperation.

Temporary restoration work will be completed as the project progresses. Final lawn & concrete restoration will occur approximately 30 days after completion of work. Final roadway restoration to be scheduled after a 90-day settlement period.

Inconvenience Temporary..... Improvement Permanent

We realize that this may cause some inconvenience. We are working closely with your local officials to minimize disruptions. The work will result in improved water quality and flow.

Water usage will be available throughout the project. During service replacement there will be a disruption in water service usage for a short period of time.

Please contact us at **201-678-2604** if you require any further information or have any questions regarding the work

Thank you for your cooperation while we improve your water service.

Sincerely,

J. Fletcher Creamer & Son, Inc. & SUEZ Water Rahway
